### ***DETAILED ACTION***

Claims 65-69 have been cancelled. Therefore, claims 1-64 are currently pending in this application. Claims 14-16, 30-32, 45-47 and 52-64 are withdrawn from further consideration by the Examiner, 37 C.F.R. § 1.142(b), as being drawn to a non-elected invention. The withdrawn subject matter is patentably distinct from the elected subject matter as it differs in structure and element and would require separate search considerations. In addition, a reference, which anticipates one group, would not render obvious the other.

### **Previous Objections**

Claims 1-51 were objected to for containing non-elected subject matter. Applicants amended the claims and agreed to cancel some of the claims to overcome the objections. Therefore, the objection as set forth in office action mailed on 9/12/2006 is hereby withdrawn.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Dennis K. Shelton on April 24, 2007.

The application has been amended as follows:

**Delete claims 14-16, 30-32 and 45-47 and 52-64.**

**Reasons for Allowance**

The invention relates to compounds of Formula

wherein A1 represents an optionally substituted six-membered heterocyclic group having N as the only ring heteroatom. The closest prior art is to Di Sonato et al, *Bioorganic & Medicinal Chemistry* 10 (2002) 2511-2526. Di Sonato et al teach compounds of Formula

. The compounds claimed in this Application are not anticipated nor rendered obvious by the prior art because the compounds of the present application have an optionally substituted pyridyl or piperidinyl group indirect attached to the pyrrole ring. is absent in the compounds of the present application. Therefore, claims 1-13, 17-29, 33-44 and 48-51 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons for Allowance."
